CHICKERING & SONS,

PIANOFORTES.

THE subscribers take pleasure in informing the public that they have been appointed Sole Agents for these Celebrated Instruments for the State of Rhode Island, and they would invite special notice to their intention of offering for sale at their NEW WAREROOMS a larger and more complete stock of Grands, Uprights and Squares, made by this Celebrated Firm, than has previously been exhibited in this city.

The subscribers have been conscious of the extraordinary merits and sterling qualities of the CHICKERING PIANOS for many years. This has resulted from a large experience in the sale of Pianos, many of which were from the best makers in the country and a careful observation of the various points of excellence attained by each particular maker, together with the opportunities afforded from their close connection with the Musical World, of hearing the most unanimous opinions of the greatest artists in favor of the Chickering Piano, and finally, upon witnessing the last and crowning triumph at the recent Paris Exposition over all the most celebrated makers in the world. The peculiar points of superiority to be found in the Chickering Pianos have been so frequently and minutely detailed by the Press that we do not consider it necessary in the Card to comment further upon them. We shall keep in connection with the above, a choice assortment of PIANOS from good and reliable makers at a lower price.

TESTIMONIALS.

The Waters' Piano are known as among the very best.—N. Y. Evangelist.

We can speak of the merits of the Waters' Pianos from personal knowledge as being of the very best quality.—Christian Intelligencer.

The Waters' Pianos are built of the best and most thoroughly seasoned materials.—Advocate and Journal.

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—Godey's Magazine.

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet Music he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the dashing advertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for years), of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability; so we think also, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and first-class instrument. Stronger endorsement we could not give.—Home Journal.

Southmayd's Confectionery,

102 Tremont Street, Boston.

ITS PURITY AND EXCELLENCE.

IT is a well known fact that many articles used in various families are more or less adulterated, but it is not so generally known that Confectionery, an article used in every family, is adulterated to a large extent. Formerly flour and starch were used, but latterly an ingredient called "Terra Alba, or White Earth," is used.

Now, as the Holidays are near, when a large amount of Confectionery will be consumed, it is important to every person for them to procure that which is pure and free from any deleterious matter.

It is better, far better, for Parents to refuse all Confectionery for their children than to give them that which is so adulterated.

Purchasers desiring a pure article, I will guarantee every particle of Confectionery manufactured by me to be as pure as the very best Stuart's Crushed Sugar.

The wholesale trade will find a large assortment at the corner of Tremont and Boylston streets, in the Horticultural Hall.

EVENINGS AT HOME.—The Providence Journal complains that the entertainments of Society are such as do people have no evenings at home. This is not only true, but is doubtless a great calamity. Every man should spend a good portion of his evenings with his family and neighbors. Business, the lyceum and the church has a claim upon him that should not prevent the exercise of this privilege.

Now what shall be done? There are nearly about six evenings in the week—Sundays excepted—and it is both a public spirited and a Christian act every man ought to take—and active part in all good work—all he attends the conference meetings or any one of the vestry or committee meetings, and is an active member of the ward temperance society; if he attends the lectures of our course and concerts of our clubs—the Philharmonic-Mozart-Handel-Haydn-Mendelssohn Society—and gives an evening to the reading room committee of our Christian Association for Work has it be to find time to take tea and spend an evening with neighbor Jones, who we married the same winter he was, or to invite the Brown to spend an evening with him, or to have a good time with the young folks at home, even if he isn't an Alderman or a member of the Common Council? We know an excellent lady who positively declares that when her husband gets rich and retires from business she intends to get acquainted with him. We doubt our success, unless before that time evenings at home become very fashionable.

Cannot some good genius, in these days of invention contrive a week with about ten evenings in it, so arranged as not to infringe upon the original six found in each week? By some such means we might possibly secure the much needed evenings at home.

PRESIDENTIAL VOTES.—At the late Presidential election, Grant and Colfax had a popular majority of 300,000, and received 215 electoral votes out of 285. Of this 300,000 was given in seven States, which in the aggregate, cast only 59 electoral votes, viz: Maine, Massachusetts, Vermont, Michigan Illinois, Iowa, and Kansas. From this statement it will be seen that the heavy republican majorities exist in two localities—in the east and in the west. Outside of these seven States, the majority of that party in the late contest was only 21,000. Seymour obtained 200,000 majority in the four States of Kentucky, Maryland, Georgia and Louisiana, which cast only 31 electoral votes. In the rest of the Union the contest between them was close and sharp.

NEWPORT DAILY NEWS.

SATURDAY, January 9, 1869.

The Boston Advertiser says, probably more senatorial contests and those of a more bitter character are to be settled within the next fortnight than have ever occurred in a similar period in our history. In the States of Maine, Massachusetts, New York, Pennsylvania, New Jersey, Michigan, Minnesota, Missouri, Wisconsin, Nebraska, and Nevada, senatorial elections will take place within a fortnight, and in West Virginia a week or two later. Nominations have been made after contests more or less bitter in Pennsylvania and Michigan. In the other States the question is still to be decided. In Maine the contest between Mr. Morrill and Mr. Hamlin appears to have been settled by the nomination of the latter at the legislative caucus last night. New York will probably return Senator Morgan or ex-Governor Fenton. There are multitudes of candidates for the succession to Senator Doolittle of Wisconsin, and Hendrick's of Indiana. Carl Schurz and General Logan are the candidates to succeed Senator Henderson of Missouri, who does not abandon all hope that he will be chosen himself. Senator Ramsey's election is opposed by several candidates, none of whom hope for an absolute majority, while they feel confident of defeating Mr. Ramsey and then setting the successorship among themselves. Senator Tipton of Nebraska hopes to be re-elected, though there are no less than four opposing candidates. So far as we can judge from our exchanges, the prospects of the sitting senators are generally the best, the democratic members and one or two others being expected.

Political.—The pressure for office under the new Administration will be fearful, especially from that grand reserve force of the Union armies which was always safely posted in the rear, deploying among quartermaster's stores, skirmishing over pay-rolls, charging commissary supplies, commanding depots, or getting detailed from the Horse Marines on special staff duties. These gallant reserve heroes never were under fire, but they are powerful in the collection of autographic recommendations, and they crowd the real "Boys in Blue" into the background. One Senator, it is said, has already received over six hundred applications for office, of which, in all probability, not sixty will be successful—perhaps not half of that number even.

Truman G. Younglove, the new Speaker of the New York Assembly, is a lawyer at Saratoga. He has been a member of the Legislature for the last four or five years. He is said to resemble General Grant very strongly in personal appearance.

Senator Pomeroy of Kansas will try and get a test vote on his proposition to amend the Constitution so as to allow women to vote before the National Female Suffrage Convention meets at Washington.

The *Scientific American* affirms that the silly fashion of wearing high heeled boots and shoes must be creating a rich harvest for the corn doctors, and it is sure to result in a greater or less degree of personal deformity. Especially may the latter consequences be expected in the cases of young children. When the heel is raised, as is the prevalent custom, the bones of the thigh, pelvis and leg, as well as the foot, are thrown into abnormal positions; and while the bones maintain their plasticity, the effect of such unnatural tension is sure to be perpetuated, in the shape of crooked shins, bandy-legs, elephantine toe-joints, and cramped, ungraceful gait.

A wedding was to take place in Troy between a very estimable young lady, of that city and a man recently from Schenectady but at present a habitant of Troy. "The rooms were lit, the feast was set." The bride was arrayed in her richest attire, including smiles and blushes, and was ready to be led to the hymeneal altar. But the groom, where was he? Echo answered where. He was not to be found. Hours passed and he came not and so far as we can learn has yet failed to make his appearance.

A Washington dispatch says private advices from the city of Mexico represent the condition of affairs in the republic as most discouraging. There is no respect for law, and the civil authorities are both corrupt and powerless. The national exchequer is bankrupt, and the administration of Juarez is impotent to correct abuses. From all parts of the interior the accounts show that there is no safety for life and property. The impression was gaining ground among certain classes that the only hope for Mexico is to be found in annexation to the United States.

Twenty-two United States Senators, one-third of the entire Senate, will go out of office on the 4th of March next. They are: Bayard of Delaware, Buckalew of Pennsylvania, Chandler of Michigan, Doolittle of Wisconsin, Edmunds of Vermont, Frelinghuysen of New Jersey, Henderson of Missouri, Hendricks of Indiana, Morgan of New York, Morril of Maine, Patterson of Tennessee, Ramsey of Minnesota, Sprague of Rhode Island, Stewart of Nevada, Sumner of Massachusetts; Tipton of Nebraska, Van Winkle of West Virginia, Wade of Ohio, Welch of Florida, and White of Maryland. Of this number six are Democrats and sixteen Republicans. Eight of the respective vacancies have already been filled, and fourteen remain to be provided for.

It is reported that M. De Bille, the Danish Minister, is soon to be married to a young lady of New Jersey.

Alabama still wants very much to annex Western Florida.

Congressman Delano is fixed upon as Commissioner of Internal Revenue.

The campaign against the Indians in Arizona is being vigorously and successfully prosecuted.

CONGRESS.

The President *pro tem* laid before the Senate a letter from the commissioner of Indian affairs, in regard to the late Indian battle.

Mr. Fessenden of Me., presented the memorial of a large number of Episcopal clergymen for the enactment of a law forbidding under heavy penalties the carrying of petroleum in public passenger conveyances. Referred.

Miscellaneous bills were introduced by Messrs. Corbett of Oregon, Conkling of New York, Nye of Nevada, Trumbull of Illinois and others.

On motion of Mr. Edmunds of Vt., the Senate took up his bill to prevent the holding of civil offices by military officers, and to prevent the holding of more than one office at the same time.

The bill was debated until the expiration of the morning hour, when after a long speech from Mr. Davis of Kentucky on paying for the property of Southern loyalists used by our government, the Senate went into executive session and then adjourned.

House.

A resolution was adopted ordering an investigation into the stationary contracts of the interior department.

The bill relative to the medical department was tabled for debate.

Mr. Cullom of Ill., from the committee on foreign affairs reported a bill for the removal of the remains of Mr. Coggswell, late minister of the United States, and his daughter to the United States. The report shows that Mr. Coggswell died at Quito on the 2d of August, 1867, and that subsequently the body was disinterred and is now in a warehouse, and that his daughter died at Quito on her way home Jan. 10, 1868, of yellow fever.

After considerable discussion, the bill was amended by making an additional appropriation of $1000 for the relief of the widow and passed.

The House then at 3 o'clock went into committee of the whole, and was addressed by Mr. Coburn of Indiana on the question of finance.

Mr. Shanks of Indiana spoke in support of the Cretan resolution, declaring it to be the duty of the United States to acknowledge Crete as an independent political State.

The committee rose, and Mr. Ashley of Ohio introduced a bill to facilitate commercial intercourse between the several States and territories. Adjourned.

Providence.

The Rink.—Mr. Helger, the one-legged skater, created quite an excitement at the Rink, Thursday. The case with which he handled himself on his skates and performed his gyrations was wonderful. He will remain through the week.

Child Burned to Death.—Thursday afternoon, a child about three years of age, boarding with Mrs. Samuel Munroe on Cedding street, was burned to death. Mrs. Munroe went out in the afternoon and left this, with another child, locked in a room, with a request to a neighbor to look into the window now and then to see that all was right, who did so at intervals and saw the children several times at play. About 4 o'clock she discovered smoke in the room and looking in saw the youngest child burned, entirely divested of its clothing. It was dead, resting upon its hands and knees.

The Boston Daily Advertiser is a paper to whose excellence we are always glad to bear testimony. It is a thoroughly enterprising newspaper in every respect, and more than that, an organ of public opinion that outweighs any other newspaper in New England. All its departments are in the hands of able and experienced editors, and it is a leader among its equals, the first of its craft.

The nickel coinage at the U. S. Mint in Philadelphia last month was $97,500, nearly all in five cent pieces.

The report of our general land office is to be printed in several languages and distributed in Europe to emigration.

Hon. Onslow Stearns, President of the Old Colony & Newport Railway Co., is the republican nominee for Governor of New Hampshire.

A couple were married at Westfield, Vt. week before last whose united ages amounted to 83 years. The bridegroom was 19, and the bride 14.

The funded debt of Boston is over $16,600,000, and the unfunded debt $2,000,000. The means on hand for redemption exceed $5,000,000.

Providence during the last three months has exported to Europe 15,000 new rifles, 5,300 to Cuba; and 6,000 muzzle loaders, transformed into breech loading, to Mexico. In return over a half million dollars of foreign money will be brought back.

The warden of the Massachusetts State prison says it is morally impossible to keep up the necessary discipline and good order, and retain proper influence over the convicts, so long as pardons are freely, and, to a certain extent, indiscriminately dispensed. He thinks the principle is entirely wrong, and he records his solemn protest against the continuation of this great evil.

Twenty years ago, the bell of the North Presbyterian church at Iowa City, Iowa, was spirited away by an apostate clergyman named Hummer, and carried to Salt Lake City. The Rev. Mr. Osmond, the present pastor of the church, has received a letter from Brigham Young, expressing willingness to give up the bell and aid its return to the Church.

Cruelty to Apprentices on Shipboard.—We perceive by late San Francisco papers that the first and second mates of the ship Santee have been sentenced to the State Prison for two years for ill-treatment of apprentice boys on the voyage from this port to San Francisco. This sentence is undoubtedly just. The object of taking apprentices on shipboard at all is to make good sailors of them and to supply our mercantile marine with a steady, intelligent and sober class of American seamen and navigators. If they are treated in the inhuman manner described as occurring on board the Santee very few good boys will be willing to undertake the task of learning practical seamanship. It is the duty of masters of vessels to see that their apprentices are not treated with brutality by their subordinate officers, and we are glad to find a court of justice punishing as they deserve the perpetrators of these tortures on shipboard.—*New York Times.*

Another estate is reported to be in England awaiting the demand of the heirs in this country. It is the property of a certain Richard Bard Harcourt whose heirs emigrated to this country in the last century. The descendents of these persons are called upon to meet next month in Cynthiana, Kentucky.

Short Home.

—o—

Police.—Officer Peckham yesterday arrested a man on Thames street who was very noisy. He made considerable resistance but the officer finally succeeded in committing him to the Station House.

Gone Up.—Harrington and Gerald the two young men committed at the Court of Justices, of the larceny from the Messrs. Goulds', were taken to Providence County Jail by Officer Peckham this morning. They go up for three months.

W. H. Ashhurst Esq., one of our summer visitors, has just made a donation of fifty volumes to the free library for which he is entitled to the thanks of the community.

Deserter Arrested.—A soldier who belonged to the Band of the 3d Reg. U. S. Artillery, was arrested by officer Steele yesterday. He had been gone three years from duty.

Revivals.—The week of prayer will be followed by a series of meetings at the Marlboro' street church to be held each evening next week. The services will commence at 7½ o'clock.

The Firemen's Meeting.—We exceedingly regret the mischance that prevented our attendance at the meeting of Hercules Engine Co. last evening. This company never fails to have a good time, and we judge from the report furnished us by our predecessor in the Editorial office, Sheriff Lake, that this was no exception to the general rule. Long life to the Sevens.

Vick's Catalogue.—The card of Mr. James Vick the great seedsman of Rochester will be found in another column. We have thoroughly tested this establishment in years past and know it to be perfectly reliable. The catalogue is of great value to every lover of flowers and we advise our readers whether they feel themselves in want of seeds or not to send and get it.

Real Estate.—Julia M. Peckham has sold the house and lot on Greenough Place called the Bourne house, to William Tiffany, of Baltimore, for $14,500.

Daniel T. Swinburne, a lot on Bowery street to John Russell, of New York, for $750.

John A. Hazard one acre on Coggeshall Avenue, to Francis W. Hartley, for $1,600 in gold.

Wm. Henry Paine, to Nathan Appleton, of Boston, a lot of land twenty-five feet front by twenty feet rear and 260 feet deep, it being a portion of "the Cedars" on Bellevue Avenue, for $35,000.

Grand Army of the Republic.—At a meeting of Post No 2, Grand Army of the Republic the following named officers were elected for the ensuing half year, viz:

Post Comd'r.—Byt. Brig. Gen. Geo. W. Tew.

Senior Vice Comd'r.—Col. T. W. Higginson.

Junior Vice Comd'r.—Lt. Col. David Fales.

Post Adjutant.—Lt. Comd'r A. P. Bashford.

Post Surgeon.—Byt. Major. C. F. Knights.

Chaplain—Capt. J. A. Judson.

Post Quartermaster.—Capt J. P. Clarke.

Serg't Major.—Lt. Ira Beale jr.

Quartermaster's Serg't.—P. R. Roche.

Officer of the Day.—P. Moore.

Officer of the Guard.—Wm. S. Bailey.

Delegates to Department.—Gen. Geo. W Tew. Col. T. W. Higginson.

Borrowing.—It is a little singular that so many respectable people live by borrowing newspapers, especially the local papers, instead of buying and paying for them as they would for anything else. There are many persons in this city who leave their own places of business as regularly as the days come round, and run into their neighbor's shops or stores to read the local Daily, and who have been in the habit of doing this for years. If they wanted six dollars worth of groceries they would not think of asking it as a neighborly gratuity, and yet every one can see at a glance that it is no worse to sponge a dollars worth of sugar than it is to take the same amount in newspapers. A lady complained to us some time since that she could scarcely get an opportunity to read the Daily News, as it was often called for by three families in turn before she could get a sight of it. And all these persons are abundantly able to take it for themselves. We know of a man who curses the paper every time he has an opportunity and yet borrows and reads it as regularly as though he were a subscriber. Consistency is a jewell not found among newspaper borrowers.

The Testimony.—Our neighbor, the *Mercury*, is exceedingly sensitive. Having reported the age of a colored woman at 114, the Editor now thinks we accused him of lying because we doubted it. Surely the *Mercury* must have a tender care of its reputation for veracity to take such a thing in so high dudgeon. It would seem that the experience of the past few weeks ought to teach a lesson of humility and lead to a little distrust of testimony. We have known even the *Mercury* to be mistaken about things that happened in our own town and in our own time, and to acknowledge it, after saying that it had the proof. It is therefore barely possible that it cannot tell exactly, what occurred 114 years ago. At all events we don't see how this question of personal veracity comes in, on the expression of a mere difference of opinion concerning a point which nobody can establish.

We said that the friends of this woman (who have known her longest make no such claim and give it no credit." We repeat it. It is strictly and literally correct. To prove the contrary a witness is brought forward who has known her *nine* years.

But to come to the point, we have it from friends who have known and cared for her for more than half a century that there is no probability that she ever reached the age mentioned, and we made the statement objected to by authority. We should not have referred to the question again had not our neighbor given it so serious a turn and used a naughty word for which there was not the slightest occasion.

The Second Baptist Church having completed the repairs and improvements upon its meeting-house, will re-occupy the main audience room to-morrow. Services at 10 1-2 o'clock a. m. and 3 o'clock p. m.

Week of Prayer.—The union meeting last evening was held at the Thames street church and was well sustained. It will be held this evening in Marlboro' street Methodist Episcopal Church. The subject as announced is; General: for the conversion of Israel; for the circulation of the Holy Scriptures; for Christian and Philanthropic Societies; and for the outpouring of the Holy Spirit on Christians and Christian Churches throughout the World.

To-morrow, the pastors are expected to preach on "The Duty of the Christian Church in relation to the Religious wants of the World."

In the evening the concluding meeting of the series will be held in the Congregationalist Church commencing at seven o'clock.

Hercules Engine Co. No. 7.—The officers elected, a few days ago, by this Company for the year ensuing, gave an entertainment to the members and invited guests from the rest of the Fire Department, the members of the City Government, School Committee, the various professions and prominent citizens. The capacious hall over the engine room was occupied by a double row of tables extending their whole length, loaded with pies, cakes and other *niceities*, which were afterwards flanked by tureens of stewed oysters and plates of oysters fried, and all washed down by a bountiful supply of excellent coffee—*simply that and nothing more*—a most encouraging example for such an occasion.

At half-past eight o'clock, the tables being well filled, the foreman, Hon. Arnold L. Burdick, called to order, and after a brief and neat speech of welcome to the rest of the Fire Department and other invited guests, called upon all present to "fall to" and spare not! After a full discussion of the varieties for the cheer of the inner man, "the feast of reason and the flow of soul" was inaugurated by the introduction of the toast-master of the evening, Clerk John H. Tilley, of the No. 7's—and the recitation by B. W. Pearce, Esq., of the following felicitous string of rhymes, which was received with hearty applause:

We know the Hercules' boys full well;
They're always ready at sound of bell
Or cry of fire, with their machine,
Rushing forward with speed of steam,
Upon their ropes the whole Fifth Ward,
Man to man, with one accord,
With shout and cheer onward they go,
Through drenching rain and driving snow,
While the crackling flames leap higher and higher,
And loud rings out the cry of fire.
They come! The Sevens! They come to save!
Fearless and Free—true and brave!
Their hose is down, their brakes are mann'd,
High up the quenching stream they send;
And while the strokes are nimbly plied,
The raging flames at once subside.
Their work well done, the boys retire,
But ready all for the next fire.
Thus, my friends, may it ever be,
Honest and brave, Fearless and Free,
May the Hercules live through many a year,
Ever at hand when danger is near,
And children's children keep the name
Of the Hercules Seven alive to fame.

After the reading of this piece, the toast-master announced the regular toasts in the following order, which were responded to by the gentlemen named below, with an occasional volunteer toast:

1. Our Liberal City Fathers—When we ask them for bread, may they not give us a stone.
   Responded to by Hon James Atkinson, our worthy and universally esteemed Mayor. After a few appropriate remarks he offered the following toast:—"Unity, the twin brother of Hercules Co., No. 7."
2. Our Guests, one and all—May their pleasure here to-night, equal their welcome.
   Response by S. Powell, Esq., with anecdote.
3. Our Engineers—True and faithful men. To say more is to say less.
   Response by Engineer Burroughs.
4. Our Firemen—Accustomed to face the enemy. May ingratitude never incite an attack in the rear.
   Response by Capt. J. Sayer.
5. Our Steam Fire Engines—Always ready. Never tired. May a "Torrent" of good fortune ever keep us from needing their "Protection."
   Response by Capt. J. Finch.
6. Our Hand Fire Engines—It's the small blaze that needs looking to. Let us see to it that they don't grow to big flames.
   Response by Wm. H. Cranston, Jr., Esq.
7. Phenix H. & L. Co.—May their house burn be speedily and satisfactorily terminated. Meanwhile, "Don't give up the ship."
   Response by Capt. Cozzens.
8. The Station House Bell—Like a small crying boy, under a big hat, in a dark cellar. Nobody hears him and nobody wants to.
   Response by Engineer Stoddard.
9. Our Officers—Unanimously elected. Universally respected. None can *paint* their sense of responsibility, or drug their sense of honor—May their performance always bear the closest inspection.
   Response by Wm. H. Cotton, Esq.
10. The Citizens of Newport—May they forgive our faults as freely as we give our services.
    No response.
11. Uncle Sam's Officers here to-night—May the *duties* of the one be as plentiful as the *stamps* of the other.
    Responded to by Hon. Seth W. Macy, of the Custom House, in a neat speech, and by Postmaster Coggeshall, in one of his most felicitous efforts.
12. The Press—May the financial "*Mercury*" rise to the hundreds, and "*Press*" out the sides of their pocket books, which would be "*News*" to a printer wherever he is.
    Response by Sheriff Lake, in absence of other members of the press; [Capt B. W. Pearce, Esq., who responded very briefly, having previously "ground his grist" and exhausted himself in turning the crank of his "Poetry Machine"—*vide* po'm of that gentlemen above printed.]

The Sheriff concluded with the following toast:—"The members of Hercules Engine Co., No. 7. May they live forever, yet without experiencing the decrepitude of age; so that their natural force may never be abated, their stream never grow less, and never fall short of its mark."

13. The Firemen, the Press, and the Ladies—Three institutions utterly impossible to dispense with.
14. Our Mothers our Wives and Sweethearts—Our best friends. May their love and devotion be our constant incentive to duty.
    Response by Mr. T. Nason.
15. Hercules Engine Co., No. 7—Ready when wanted. "Peerless and Free." If you want any proof—try the 7 and see.
    Response by Mr. Thos. Chamberlain, a song.
16. The Military—May their most arduous duties be confined to showing their proficiency in street parade and pleasing the children.
    Response failed. A letter was then read from Col. Powel, excusing his absence.
17. The Legal Profession—Principally dependent upon the wrangling of those who become their clients. May they get judgment and equity when their own turn comes.
    Response by Sheriff Lake, in the absence of the legal profession, who, after alluding to the labors and prodigies of the Fabled Hercules, of mythology, concluded his remarks by offering the following toast:—"Hon. A. L. Burdick, foreman of Hercules Engine Company, No. 7—the social and political Hercules of the Fifth Ward."
18. Our Worthy and Estimable Chaplain—But a little time among us, yet one of us. May we, like him, do our duty, and follow his teachings even as he follows those of the Great Chief Engineer above.
    No response; but a letter was read from the Rev. A. N. Hadley, the Chaplain, apologizing for his necessary absence.

The reading of the toasts and the responses occupied the time to a late hour, but the moments sped in a most enjoyable manner, to the intense gratification of all present, and closed amid the heartiest congratulations for the success of this ever to be remembered "social chat," as it was modestly termed in the cards of invitation.

We cannot conclude our report without a passing tribute to the perseverance and energy of this noble band of firemen and its worthy and respected foreman and his efficient assistants. This Company was chartered in September, 1830, and is nearly thirty-nine years old. It is emphatically a live company, and ever ready to respond promptly and effectively to the call of duty, come how or when it may. So active and ready have they ever shown themselves, that they have gained an enviable position and a marked reputation even in our fire department which stands unrivalled, and concerning which, comparisons, if not odious, can only be made under a charge of invidiousness. They contributed largely from their manly ranks to the soldiers of the late war, and followed the remains of five of them to the cemetery where they repose to-day among the number of martyrs and heroes who sealed their patriotism with their blood.

In conclusion, we do not fear the charge of being invidious, if we attribute no small portion of the successful, effective, and enviable condition to the indomitable energy and unlimited liberality of their foreman, Mr. Burdick. With great tact, for "hitting the right nail on the head," he is indefatigable and unsparing of expense in improvising and "getting up" these "social chats," and *fetes* and parties, whereby the members of his own company, are entertained agreeably and to their great enjoyment, while all the members of the Fire Department are brought into closer association, and a general good feeling and harmony promoted among that class, who, in other cities, are only notorious for their bickerings, quarrels, fights, and even riots. All honor to the brave and gallant boys of Hercules Engine Company, No. 7!

SUICIDE.

New York, Jan. 9.

Last evening an unknown woman, apparently about twenty-five or thirty years of age, on board the Hunter's Point ferryboat Suffolk County, was noticed to go to the forward part, unhook the chain, and before those near by could restrain her, to leap into the river. The body subsequently rose to the surface, and was recovered by the hands of the tugboat F. Woodruff, who took it to the Morgue, where it awaits identification.

He is Employed to Prosecute Mr. Bowles.

New York, Jan. 8.

The *Sun's* Washingtons dispatch says: Gen. Butler will deliver his financial speech on Saturday. His bill in reference to arrests of persons in transit across the States was drawn up over a month ago to prevent any occurrence similar to his arrest in Baltimore, and was submitted to Caleb Cushing for approval, and bears on its face his opinion of the bill in his own hand writing.

Gen. Butler has been employed to prosecute Mr. Bowles of the Springfield *Republican* for his editorial remarks about Mr. James Fisk, jr. The General announces his determination to bring the case to an early trial. Gen. Butler does not approve of the action of New York officials in locking up Mr. Bowles over night.

WASHINGTON SPECIALS.

Jan., 6, 1869.

Congressman Henry D. Washburne, of Indiana, is announced as a candidate for Sergeant-at-Arms of the next House.

Mr. Logan made an hour's onslaught upon the civil service bill in the House. Mr. Jenckes replied for ten minutes defending his bill.

The Ways and Means Committee have adjourned over until Monday without taking further action on the Tariff Bill. The bill reported from the Committee releasing naval contractors from the tax on machinery furnished the Government, passed the House to-day.

The Reconstruction Committee have addressed a letter to Secretary McCulloch, requesting information on the report that Mr. Pollard, a prominent ex-rebel editor, was employed in the New York Custom House. McCulloch has written Collector Smythe on the subject.

The proposition to hold the inauguration ball in the rotunda of the capitol makes a good deal of talk. The Chronicle newspaper this morning opposes it strongly, saying that the room cannot be properly warmed, and its floors are of stone.

General Fremont was on the floor of the Senate to-day for a little while; so was ex-Secretary Stanton, and General Hawley was about the capitol for two hours. He speaks encouragingly of our prospects in Connecticut this spring.

The New Test.

Thomas Jefferson, at the end of his second term, declared that, if he were President again he would put a fourth question to each applicant for office, in addition to the three with which he set out, namely: 1. "Is he honest?" 2. "Is he capable?" 3. "Is he a friend of the constitution?" And the additional one would be: "Is he in the habit of using ardent spirits?"

"And," said Mr Jefferson, "if I should find that the applicant were in that habit, I would never appoint him to any office whatever; for my sad experience and observation have taught me that such a man is not fit for public office."

We trust all our future Presidents will "fight it out in this line," and put things in this direction."

Monument to John Bunyan.—The Vicar of Elston, the birthplace and home of the celebrated author of the Pilgrim's Progress, has made an appeal to the churches in America to aid in contributing to the expenses of restoring and thoroughly furnishing the ancient and only church in that place, which is a grand and massive structure, and making it a fitting monument to the memory of Bunyan. This appeal is made on the ground that the Pilgrim's Progress is as much valued in America as it is in England, and the memory of its author as dear to the general people. Messrs. Maitland, Phelps & Co., bankers, New York, receive subscriptions on account of the 'Elston Bunyan Monument Fund.'

Almost every day we hear many persons complaining of headache, loss of appetite, and that they are not fit to do anything, &c. Many is the day that we have felt so ourselves, and in fact have gone to bed and imagined ourselves sick, but for the life of us could not tell what was the matter. One day while thus complaining, a friend said to us, "Why don't you try Plantation Bitters? they are really a good thing and will make you feel like a new man." Upon his recommendation we purchased a bottle and took them according to the directions. They seemed to go right to the spot, and gave us immediate relief. Ever since we have taken every opportunity to recommend them.

The Machine, called Man,

is a very complicated and delicate one, and is more liable to get out of order, and much more difficult to repair, than any combination of wheels and cranks, and levers, made by the hands of men. As a rule, it is *tasked too much*, and *badly fed*—not at all. It is often enfeebled, benighted, depleted, and otherwise ill-used, when all that it really needs is a wholesome tonic and restorative like HOSTETTER'S STOMACH BITTERS to put it in proper trim and keep it so. The stomach is chemically maltreated. In the first place, the food which its juices are intended to dissolve, is too frequently *thrown into it hastily*, and in a half masticated condition, in which state the gastric acid cannot properly act upon it.—The result is *dyspepsia*. Then comes the doctor, and finding the digestive organs weak and the bowels inert, he proceeds to weaken and paralyze still more with drastic purgatives. These failing,—as they always do—to produce a salutary change, he tells the invalid that medical science can do no more for him. This, with all due deference, is a mistake,—one of those mistakes which Talleyrand said were tantamount to crimes. What the dyspeptic needs is *invigoration*. Strengthen the stomach with HOSTETTER'S BITTERS, and the stomach will strengthen every other part of the human machine, and cause it, in common parlance, as good as new. Upon the state of the digestion depends, to a measure, the condition of the whole system. Now, the Bitters are the most admirable tonic known. They consist of the finest vegetable invigorants and restoratives, combined with an unadulterated stimulant. The dyspeptic needs nothing else to effect a cure, except a light, nutritious diet, and a fair amount of exercise. Even in the absence of these last mentioned accessories, the tonic and alterative properties of the preparation will work wonders, enabling the dyspeptic to digest inferior fare with comparative ease, and to maintain a good habit of body, in spite of the drawbacks of a sedentary occupation.

A Serious Error.—Every would be editor, but not publisher, says SONOMA WINE BITTERS is one who is "a little fagged out." C. A. RICHARDS & CO., 99 Washington street, Boston, Proprietors.

Be Careful.—Examine the bottle well before you buy a bottle of the Golden Wheat Bourbon. It should have the name of "C. A. Richards, Boston, on the bottle, in lots of a dozen bottles. C. A. RICHARDS & CO., 99 Washington street, Boston, largest Retail Wine and Spirit House in America.

Attention.—We beg to call the attention of Medical Practitioners and invalids to Speer's "Standard Wine Bitters," as a mildly stimulating, diuretic, antidotic and tonic all to debilitated persons from whatever cause. WITH HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825,

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything else; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, Stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate Disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters

Is entirely vegetable, and contains no Liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with rare Stomachic Barks, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, there being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY,

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a new and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

Philadelphia, March 16, 1867.

I find "Hoofland's German Bitters" is not an unbecoming beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.

Yours truly,

GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 29, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a valuable preparation. In some cases it may fail, but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.*

Yours, very respectfully,

J. H. KENNARD,

E. side, below Coates street.

CAUTION.

Hoofland's German Remedies are counterfeited. The genuine have the signature of C. M. Jackson on the front of the outside wrapper of each bottle, and the name of the article blown in each bottle. All others are counterfeit.

Oxygenized Air,

For the Cure of Chronic Diseases.

Drs. LEE & MOULTON,

Continue to give their personal attention to the treatment of all diseases of the Blood and Air Passages.

The Oxygen is breathed directly into the lungs and through them is carried into the blood; there, as soon as the blood will carry it, it reaches all parts of the system, decomposing the impure matter in the blood and expelling it through the pores.

The following are a few of the many testimonials which Drs. LEE & MOULTON are daily receiving from their numerous patients in the city and country.

ESTIMONIALS:

Providence, Jan. 10, 1868.

L. M. Lee, M. D.—Dear Sir,—From a feeling of gratitude to you for my present state of health, I am induced to write you a few lines, which you are at liberty to use publicly.

For a long time previous to consulting you I had suffered exceedingly from Catarrhal and Bronchial difficulties. By following your treatment the above difficulties were removed—my circulation was better and in fact my general health was very much benefited. It has now been more than six months since I was under your treatment, and the effects have been lasting, and I can cheerfully recommend it to all who are similarly afflicted.

Respectfully yours,
Mrs. G. T. SWARTS,
Cor. Pine and Dorrance Sts.

Letter from Rev. Geo. F. Walker.

Little Compton, R. I., Oct. 10, 1867.

Drs. Lee & Moulton, 199 Westminster St.:

Dear Sirs:—Having some years since succeeded in raising a man from apparent death to life by the use of oxygen gas, introduced into the lungs by artificial respiration—when I read the advertisement of the new remedy for disease of the lungs, &c., which you apply, I became at once interested in it, and at my first opportunity made trial of it for the relief of a chronic trouble in my throat and bronchiæ. Its effects upon me was wonderful and almost instantaneous. I had inhaled it but a few times before there was a very perceptible improvement in the strength of my vocal organs; and it was quickly removed all traces of a severe cold which had been resisting the power of common cough medicine for several weeks. It has been now near three months since I have inhaled the Oxygenized Air more than once or twice, yet its effects continue; enabling me to speak with more ease to myself and more acceptance to my hearers. I consider the remedy truly pulmonary, and one which recommends itself to the afflicted, and if my advice could be heard and heeded—no one who has the symptoms of any serious trouble in the throat or lungs, or even a bad cold, could neglect to try it. Trusting you may have the opportunity—as I believe that, in the use of the "Oxygenized Air," you have the ability—to ward from many the shafts of a premature death.

I am yours truly,
GEO. F. WALKER,
Pastor of the United Congregational Church and Society.

Catarrh and Bronchitis, and Consumption with Hemorrhage.

L. M. Lee, M. D.—Dear Sir,—Since the date of my former note, I have continued the occasional use of your remedies for Catarrh and Bronchitis, until I now am happy to consider myself not merely relieved, but about cured, especially of the troublesome throat affection, from which I had suffered so much, for more than fifteen years. And I now feel prepared to recommend your mode of treatment to all who are suffering from similar complaints.

My wife has also derived much benefit from the use of your inhalations, finding them especially useful in the prevention of hemorrhage from the lungs.

Very respectfully, yours,
J. LIVESEY.

Providence, R. I., June 16, 1868.

☞ Patients in the Country can have the Treatment sent to their own homes. Send for advice

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills will cure Consumption, Liver Complaint and Dyspepsia. If taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care,) that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw off the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Diseased Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesions, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? Not only the lungs that are wasting, but is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the above-said medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 28½ Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $2.50 a half dozen. Mandrake Pills 25 cents a box. Q. C. GOODWIN & CO., 38 Hanover St., Boston, Wholesale agents. For sale by all druggists. Jan1—1y eo

COE'S COUGH BALSAM

This long tried and popular Remedy is again called to the attention of the public. As often, as the year rolls around, the proprietors annually make their bow to the people, and recite them what amongst the many things required for the health, comfort and abundance of the family through the long and stormy months of winter, Coe's Cough Balsam should not be forgotten. For years it has been a household medicine—and mothers anxious for the safety of their children, and all who suffer from any disease of the throat, chest and lungs, cannot afford to be without it. In addition to the ordinary four ounce as long in the market, we now furnish our mammoth family size bottles, which will, in common with the other size, be found at all Drug Stores.

FOR CROUP,

The Balsam will be found invaluable, and may at all ways be relied upon to the most relieving cases.

WHOOPING COUGH.

The testimony of all who have used it for this terrible disease during the last ten years, is, that it invariably relieves and cures it.

SORE THROAT.

Keep your throat wet with the Balsam—take little and often—and you will very soon find relief.

HARD COLDS AND COUGHS

Yield at once to a steady use of this great remedy.—It will succeed in giving relief where all other remedies have failed.

Soreness of the Throat, Chest and Lungs.

Do not delay procuring and immediately taking Coe's Cough Balsam, when troubled with any of the above named difficulties. They are all premonitory symptoms of Consumption, and if not arrested, will sooner or later sweep you away into the valley of the lows from which none can ever return.

IN CONSUMPTION.

Many a care-worn sufferer has found relief on Monday rejoices that her life has been made easy and prolonged by the use of Coe's Cough Balsam.

IN SHORT,

The people know the article, and it needs no comment from us. It is for sale by every Druggist and Dealer in Medicines in the United States.

THE ATTENTION OF THE PEOPLE

IS CALLED TO THE

World's Great Remedy,

Coe's Dyspepsia Cure.

This preparation is pronounced by Dyspeptics as the only known remedy that will surely cure that aggravating and fatal malady. For years it swept a fearful tide, carrying before it to an untimely grave, its millions of sufferers.

Coe's Dyspepsia Cure has Come to the Rescue.

Indigestion, Dyspepsia, Sick Headache Sourness or Acidity of Stomach, Rising of Food, Flatulency, Lassitude, Weariness, finally terminating in Death,

Are as surely cured by this potent remedy, as the patient takes it. Although but three years before the people, what is the verdict of the masses? Hear what Lester Sexton, of Milwaukee, says:

(From LESTER SEXTON, of Milwaukee.)

MILWAUKEE, Jan. 21, 1868.

Messrs. C. G. Clark & Co., New Haven, Conn.:

Both myself and wife have used Coe's Dyspepsia Cure, and it has proved perfectly satisfactory as a remedy. I have no hesitation in saying that we have received great benefit from its use.

Very respectfully,
(Signed) LESTER SEXTON.

A GREAT BLESSING.

(From Rev. L. F. WARD, Avon, Lorain Co., O.)

Messrs. Storey & Arnold, 19 Doan's, Cleveland.

Gentlemen:—It gives me much pleasure to state that my wife has derived great benefit from the use of Coe's Dyspepsia Cure. She has been for a number of years greatly troubled with Dyspepsia, accompanied with violent paroxysms of constipation, which so prostrated her that she was all the while, for months, unable to do anything. She took, at your instance, Coe's Dyspepsia Cure, and has since comparatively well. She regards this medicine as a great blessing. Truly yours.

Jan. 15th, 1868. L. F. WARD.

CLERGYMEN.

The Rev. Isaac Aiken, of Allegheny, testifies that it has cured him, after all other remedies had failed.

DRUGGISTS

Any druggist in the country will tell you, if you take the trouble to enquire, that every one that buys a bottle of Coe's Dyspepsia Cure from them speak in the most unqualified praise of its great medicinal virtues.

Coe's Dyspepsia Cure

Will also be found invaluable in all cases of Diarrhea, Dysentery, Colic, Summer Complaints, Griping, and in fact every disordered condition of the stomach.

Sold by Druggists in city or country everywhere at $1 per bottle, or by application to

QUARTERLY REPORT OF THE

FRANKLIN MUTUAL FIRE INSURANCE CO.,

NO. 8 MARKET SQUARE, Prov., R. I.

INSURES FIRST-CLASS DWELLINGS AND CONTENTS ONLY,

AMOUNT AT RISK, $4,500,000.

The object of a Mutual Company is to furnish insurance to the policy holders at the lowest cost, and the main thing to be considered is, what our fellows are most favorably insured as possible. This Company will insure nothing but first-class Dwellings and Furniture, and experience has shown to be the safest of all insurances, thus proving it the Policy of the Farmers and Mechanics of the State. The premium charged is sufficient to cover all probable losses and expenses, including the interest for which the policies are issued, thus avoiding the necessity of assessments, which are so annoying and expensive. The insured receive all the profits—every dollar, after the payment of losses and expenses, being returned to them at the end of each year, in proportion to the premium paid by each policy holder, thus making it the cheapest and best form of insurance.

AMOS M. BOWEN, President.
JOHN R. WHEATON, Secretary.
HENRY N. WARD, Agent.

THE
Union Pacific
RAILROAD COMPANY

OFFER A LIMITED AMOUNT OF THEIR

FIRST MORTGAGE BONDS
AT PAR.

Nine Hundred and Sixty Miles

Of the Line West from Omaha are now completed, and the work is going on through the Winter. At the present rate between the finished portion of the Union and Central Pacific Railroads is now less than two miles, and both companies are pushing forward the work with great energy, employing many thousands. From these facts can be made out that the whole

Grand Line to the Pacific

Will be open for Business in the Summer of 1869.

The regular Government Commissioners have reported that the Pacific Railroad to be FIRST CLASS in every respect, and this Special Commission is fully endorsed by the Press throughout the country.

It is known to all, The UNION PACIFIC RAILROAD HAS BEEN WELL CONSTRUCTED, AND THE GENERAL ROUTE FOR THE LINE EXCEEDINGLY WELL SELECTED. The energy and perseverance with which the work has been urged forward, and the way in which it has been executed are unparalleled in history, and its great length and magnificent proportions has never been equalled. The Report goes to show that any deficiencies that exist are only those incident to all new roads, and that could have been avoided without materially retarding the progress of the great work. Such deficiencies are supplied by all railroad companies after the completion of the line, when and where experience shows them to be necessary. The report concludes by saying that "the country has reason to congratulate itself that this great work of national importance is so rapidly approaching completion under such favorable auspices." The Company now have in use 121 locomotives and nearly 3000 cars of all descriptions. A large additional equipment is ordered to be ready in the Spring. The grading is nearly completed, and the iron for the entire line in advance of the western end of the work. Fifty-two miles of iron for new track are now (Dec. 1st) west of the Missouri River, and 30 miles more are ready. The total expenditures for construction purposes in advance of the completed portion of the road is not less than eight million dollars.

Besides a donation from the Government of 12,800 acres of land per mile, the Company is entitled to a subsidy in U. S. Bonds on the line as completed and accepted, at the average rate of about $30,000 per mile, according to the difficulties encountered, for which the Government takes a second lien as security. The Company have already received $[illegible] of this subsidy, of which $[illegible] was paid in Gold, and $[illegible] in Bonds.

Government Aid--Security of the Bonds.

By the charter, the Company is prohibited from issuing FIRST MORTGAGE BONDS to the same amount as the Government Bonds, and as a further security the Government takes a First Mortgage upon the whole road as it is being built. Such mortgage upon which not a dollar has been paid to the only national line between the Atlantic and Pacific States, takes the highest rank as a safe security. The earnings from the way or local business for the year ending June 30, 1868, on a mileage of five miles, were over FOUR MILLION DOLLARS, which, after paying all expenses, were much more than sufficient to cover all interest liability upon that distance, and the earnings for the last three months have been $[illegible],000. They would have been greater, if the road had not been taxed to its utmost capacity to transport its own materials for construction. The income from the great through travel, the Union freights, and the supplies for the new Rocky Mountain States and Territories must be ample for all interest and other liabilities. No pool, local action can reduce the rate of interest. It must remain for thirty years—six per cent. per annum in gold, now equal to between eight and nine per cent. in currency. *The principal is also payable in gold.* With such guarantees as are found by the Government, its market price would not be less than from 90 to 95 per cent. premium. As these bonds are issued under Government authority and supervision, upon what is very largely a Government work, they must ultimately approach Government prices. No other corporate bonds are made so secure.

The price for the present is PAR, and accrued interest at 6 per cent. from July 1, 1868, in currency.

Great Bargains in

DRY GOODS!

C. G. HANDY & SON,

Will Offer for Retail Only,

ON MONDAY, Nov. 16th, and for two (2) weeks thereafter, a good line of Brown and Bleached Sheeting, Shirtings and Prints, at a fraction advance from cost, for cash at the Counter.

The most of these goods were purchased for cash the present week, are first-class, and warranted as represented.

Now is your time to lay in a season's stock; as it is the general opinion of dealers, that they are now at the lowest point.

All other Goods in Stock, to which additions will be constantly made, will be sold at small margin from cost, consisting in part of Cloaking, Beaver Cloths, Petershams, Velveteens, Alpacas, Poplins, Hall Road Cords, Takoes, Armures, De Laines, Ginghams, Balmorals, Table Covers, Hoop Skirts, Corsets, Hosiery, Gloves, Gents' and Ladies' Under Vests and Drawers, Bed Ticks, Flannels, Diaper, Crash, &c.

We hereby extend to our friends and the public generally a cordial invitation to examine our Stock before purchasing.

CLOAKS and SACKS made to order, at short notice, good fits and workmanship guaranteed.

Messrs. H. BUTTERICK & CO.'S patterns of Ladies', Misses' and Children's Garments, for sale, get a catalogue circular at

BOOTS AND SHOES.

ZEPHYR OVERSHOE.

PATENT APPLIED FOR.

THE utility, cleanliness, and comfort of the overshoe for Winter wear, has been demonstrated the necessity of an article suitable for the damp or wet days of the inclemencies of the year, when the ordinary overshoe produces discomfort from its weight, warmth, and poor ventilation.

The ZEPHYR OVERSHOE now offered for public patronage, combines the following characteristics:

They are thoroughly water-proof, both sole and upper, which can be tested by filling them with water to the very top, without leaking a particle.

The upper is made of a peculiar cloth, which, although resisting water, yet can be breathed through freely, thus preventing the escape of insensible perspiration, and rendering them cool to the foot on the hottest day.

The binding made of a patented material, being partially elastic, keeps the close song to the foot, avoiding that disagreeable slipping at the heel, and gaping at the quarters, common to the ordinary sandal now in use.

A pair weighs but four ounces, occupies when folded a very small space, and can be carried, when not in use, in the pocket or reticule. For sale at

Are You Building!

You can insure your house in the QUINCY MUTUAL INSURANCE COMPANY, without extra cost for the Contractor's risk, from the day that the building is raised. This is a great saving, as the builders' risk is usually quite an item. The QUINCY has more than $200,000 cash surplus on hand, from the earnings of which it has paid a cash dividend of 40 per cent. on every five years policy for a long time. This is better than an assessment every year or two. Rates no higher than in other sound Companies.

Losses paid in 50 Years	$23,500,000 00

The ÆTNA has the largest paid up Capital of any Company in the United States and has paid more losses than any other. It is the great standard Company of the country, and is celebrated everywhere for its honorable method of doing business. Its rates are no higher, ordinarily, than is charged by others, though it does not pretend to compete with irresponsible institutions.

The Agency for Newport is at the Office of the DAILY NEWS, No. 13 Church Street.
